OVERVIEW

Musical addressing opioid addiction and recovery, aimed at young audiences.

- Integrates engaging, true-story-based content with educational resources for comprehensive substance use awareness
- Drug misuse education in schools, community awareness events, youth outreach programs

BACKGROUND

Painless: The Opioid Musical is a groundbreaking approach that combines music and storytelling to address the opioid crisis. Developed collaboratively by the University of Michigan's Precision Health, School of Music, Theatre & Dance, and OPEN, the musical uses real-life stories from Families Against Narcotics as its foundation.

INNOVATION

"Painless: The Opioid Musical" brings a fresh, impactful approach to drug misuse education through the arts. Developed collaboratively by the Overdose Prevention Engagement Network (OPEN) and the University of Michigan, the musical is based on real-life stories of addiction and recovery, creating a profound, relatable narrative for young audiences. This innovation integrates performances with free educational resources, including teacher guides, health modules, a cast album, and a toolkit to support in-depth engagement. The technical advance of

Learn more

this project lies in its artistic yet data-informed presentation of the opioid overdose crisis, combining emotional storytelling with practical educational tools. Real-world applications are extensive, encompassing school-based drug misuse prevention education programs, community awareness campaigns, and youth engagement initiatives, offering a multifaceted approach to opioid misuse awareness and prevention.
