

The Positive Organization Learning Map Experience Table Kit

TECHNOLOGY NUMBER: 2021-263

OVERVIEW

- Interactive group activity that helps organizations generate innovative solutions
- Equipped with strategies derived from scientific claims
- Enables groups to build high-performing organizations

INNOVATION

The Positive Organization Learning Map® Experience Table Kit is a creative and highly interactive exercise that enables dialogue on positive organizational principles. Participants can in turn use the interactive tool to educate, engage, and inspire people in their own organizations to lead positively, and create a workplace that brings out the best in people.

By the end of our 80-minute discussion, you'll be able to:

- Articulate why positive organizations are needed
- Explain what it means to be a positive organization
- Describe some positive practices that can be adopted immediately
- Identify your role in creating positive change

Group Workshops: Groups of 3-10 people can play the game in its intended form to share positive organizational strategies and solutions with each other.

The Learning Map Table Kit has 4 components:

Learn more

- The Visual: An illustrated metaphor represents aspects of business issues. The image establishes a common ground of understanding for participants.
- Dialogue: A series of questions to lead participants through the exercises and to their own conclusions.
- Cards: Activities that introduce information and increase the interactive and collaborative nature of the experience.
- Facilitation: Guides the discussion and encourages participants to discover the information themselves.
